

REMARKS

The specification is amended to accurately reflect the continuity data for this application.

The Applicants do not agree with or accept all of the amendments made in the Examiner's Amendment of June 30, 2010.

It is noted that MPEP 1302.04 states that an Examiner's Amendment may be made only if approved by the Applicants or their attorney:

"The amendment or cancellation of claims by formal examiner's amendment is permitted when passing an application to issue where these changes have been authorized by applicant (or his/her attorney or agent) in a telephone or personal interview. The examiner's amendment should indicate that the changes were authorized, the date and type (personal or telephone) of interview, and with whom it was held."

In the telephone interview with the Examiner on June 25, 2010, the undersigned authorized the issuance of an Examiner's Amendment, but the Examiner did not forward to the undersigned the final form thereof prior to issuance of the Notice of Allowance.

Accordingly, revised amendments to the specification are presented herein to correct errors in the Examiner's Amendment.

Given that the Applicants were not shown the final form thereof prior to issuance and do not accept the Examiner's Amendment as issued, entry of the above amendments is respectfully requested.

In light of the foregoing, it is submitted that this application is in allowable condition, and issuance of this application with the above changes is respectfully requested.

If any issues remain which may best be resolved through a direct communication, the examiner is requested to e-mail the undersigned at the address listed below.

Respectfully submitted,

/James Edward Ledbetter/
